

BEST PRACTICE-I

1. Title of Practice:

Organization of State Level Science Exhibition

2. Goal:

On occasion of Birth anniversary of founder member of M.S.P. Mandal late Vinayakraoji Patil, the College organizes State Level Science Exhibition that received overwhelming response from different colleges in the Maharashtra State. The main aim of the exhibition is to develop a scientific attitude and be aware with science and technology.

Following are the objectives of the Science Exhibition.

- Science exhibition may help in knowing the methods, techniques and aid material developed by individual teachers, student or institution and deriving benefit by coming into contact with each other.
- Science exhibition brings the college quite close to community brings the college quite close to the community and society. They are also acquainted with the utility and service of science in their day to day life.
- Science exhibition helps in providing a satisfactory forum and opportunity for the healthy competition for the individual and the institutional level.
- Science exhibition provides an opportunity for the scholar or creative students for nourishing and nurturing of their creative talents.
- Science exhibition increases the interest of students in science and thus may help in making the study of science a joy itself.
- From science exhibition students get the opportunity to see the individual or collective performance of another student for being encouraged and inspired to work hand in the pursuit of science.
- Science exhibition provides a good medium for science students to know the theory by practices.
- By means of science exhibition students and community can understand the practical application and utility of science.

3. Context:

In State level Science Exhibition Students from different colleges of Maharashtra participate. Students present their ideas with the help of posters and models. School students, Teachers, Peoples visit to the exhibition and share their ideas about science. Journalist visits to the event and expand the ideas of students to the society in the form of news.

4. The Practice:

The college organizes the science exhibition every academic year on 1st September. If there is a holiday or Sunday on 1st September, then it organizes on 2nd September. This exhibition, organized for undergraduate and postgraduate level students. This exhibition gives the student a platform to show their scientific skill college communicate all colleges of Maharashtra by means of letter and pamphlet in the month of August and get the acceptance. There are eight prizes for prizes for poster and four prizes for poster and four prizes for the model. Faculties with science mentor are appointed from different colleges of Maharashtra as an examiner. College provides the accommodation to the students before one day of the exhibition.

Subject of poster and Model:

The students can choose any theme of science for the poster and model, but it should have a positive impact on society. And subject should be new.

Selection of Chief Guest for Exhibition:

Teachers are invited as examiner from different colleges of Maharashtra and organizer of programme gives the specific instruction to the examiners before

examining the poster & models result of examination declare in the prize distribution ceremony on the same day at 5:00pm.

Dissemination of the information: School students, Teachers, People visit to the exhibition disseminate knowledge to the society, while newspapers give wide publicity to the event.

Role of Management:

The participation and role of Management in the organization of the event is encouraging. Members of Management remain present for the exhibition.

Schedule: 11:00am inauguration

11:00am to 5:00pm exhibition open to all visitors.

5:00pm to 6:00pm prize distribution ceremony.

5. Evidences of Success:

The response to the Science exhibition is overwhelming every year. It has not only proved that to provide a platform for the science students to share their ideas, but also it has gained an authenticity as a prestigious activity of the college. This is one of the voluminous Science Exhibition in Maharashtra State. The Exhibition received acclaims all over Maharashtra.

6. Problems Encountered and resources required:

For hanging poster we require poster stands now we use the wall for sticking posters. For participant's c coming from all over Maharashtra for participating in the event, if we provide them travelling allowance then there will be an increase in participation. For developing model some student does not have any financial support if for such type of student there must be a certain mechanism of financial support then it will also help to students for participating in such type of prestigious events.

7. Notes:

The exhibition is one of the best activities to organize at college level every year this activity provides a forum for science students to discuss their ideas about the emerging technology. It will also help to the students to know thrust areas of research.

Dr. Bapu Shingte (Professor
Dept. of Chemistry Dr. BAMU
Aurangabad, Chief guest)
interacting with students.

Hon'ble Amarsinghaji Pandit(Vice
president M.S.P. Mandal) & Dr.
V.G. Sanap (Principal) interacting
with participants.
