## **Waste management Policy**

### **Policy Statement:**

The College will adopt the principles of the 'best practicable environmental option' in the delivery of its waste management services. The College will apply a 'waste hierarchical approach', to reduce, reuse, recycle and recover waste products in preference to the disposal of waste to landfill. The College recognises the importance of meeting these legal requirements and to manage its waste responsibly, reduce the volume of waste sent to landfill and maximize reuse and recycling where possible. The College requires all the teaching and non-teaching staff, students, guests and anyone else making use of the premises to comply with this Policy and associated "College Environmental Guidance" to ensure compliance with all waste legislations. Any solid waste generated in the campus shall be managed and handled in accordance with the compliance criteria and the procedure laid down in Municipal Solid Wastes.

### **Policy Objectives:**

The objectives of this policy are:

- To ensure that waste management is performed in accordance with all waste legislative requirements, including the duty of care, and to plan for future legislative changes and to mitigate their effects.
- To minimize waste generation at source and facilitate repair, reuse and recycling over the disposal of wastes in a cost effective manner.
- To provide clearly defined roles and responsibilities to identify and co-ordinate each activity of the waste management. To promote

environmental awareness in order to increase and encourage waste minimization, reuse and recycling.

- To invest into the expansion of recycling opportunities on the College campus and transform waste into value added products.
- To ensure the safe handling and storage of wastes on College campus.
- To provide appropriate training for teacher, resident, staff, students and other stakeholders on waste management issues.
- To promote holistic approach of waste management in the campus.

### **Hazardous Waste Management's:**

Standard procedures are followed by Departments for handling and disposal of hazardous waste. The college does not offers courses using chemicals end compounds with high risk of intensity and side effects.

In college canteen we use glass cups and stainless steel plates for tea and snacks respectively due to these plastic and paper cups are avoided. Cigarette smoking is strictly banned in the college campus.

### **E-Waste Management:**

An e-waste collection drop box for collecting small sized electronic waste has been kept in the main corridor of main building students and staff deposit used e-waste into it. Institute takes the help of professional agencies for proper disposal of the waste.

A handwritten signature in blue ink, appearing to be "A. K. Singh".
